Professional Summary

Full-stack developer with a strong emphasis on back-end development and proven experience in designing and implementing modern, scalable solutions. Holds a Bachelor's degree in Internet Systems from IFC and is currently pursuing a degree in Systems and Information Technologies Engineering in Portugal. Planning to undertake a postgraduate program in Cybersecurity, followed by a Master's degree in Software Engineering, with the objective of deepening expertise in secure, high-performance software systems. Proficient in Node.js, React.js, and Laravel, with solid experience in Meta API integrations, asynchronous messaging using Kafka, and multi-tenant architectures with OAuth2. Strongly committed to technical excellence, best practices, collaborative teamwork, and user-centered development. Certified in Docker, Azure AI, and React Native.

Professional Experience

Mid-Level Developer <i>Talk.me</i> <ul style="list-style-type: none">• Full-stack development of SaaS applications using Node.js and React.js.• Integrated Meta APIs, asynchronous messaging with Kafka, and OAuth2 authentication.• Built an AI-powered WebChat with Redis and PostgreSQL in a multi-tenant, scalable architecture.	10/2024 – 07/2025 Home Office /Brasil
Junior Developer <i>Talk.me</i> <ul style="list-style-type: none">• Developed web pages and interfaces in React.js for SaaS applications.• Created chatbots integrated with the official WhatsApp API, implementing conditional logic and automated workflows.• Refactored and maintained legacy systems using PHP, Laravel, and Node.js.• Collaborated on full-stack projects and integrated relational databases.	04/2023 – 09/2024 Home Office /Brasil
IT Support Analyst <i>Talk.me</i> <ul style="list-style-type: none">• Provided advanced technical support with SSH access for server and service maintenance.• Configured and optimized VOIP telephony systems (Asterisk) for clients.• Proposed and implemented platform improvements in collaboration with the development team.• Developed web pages and integration scripts using PHP, JavaScript, and React.js.	09/2022 – 04/2023 Home Office / Brasil
IT Support Intern <i>Talk.me</i> <ul style="list-style-type: none">• Assisted in troubleshooting technical issues with SSH access.• Monitored logs, executed tests, and read backend source code.• Participated in API integrations, code review, and PHP development for internal systems.• Contributed to WordPress and PHP/JavaScript projects when not handling client support.	04/2022 – 08/2022 Home Office /Brasil
Mobile Developer (Freelancer) <ul style="list-style-type: none">• Developed Flutter/Dart apps for e-commerce and service platforms.• Integrated card payment gateways (checkout, refunds, subscriptions, webhooks, 3-D Secure, tokenization) and built REST service layers.	03/2024 – 09/2024

- Implemented secure payment flows, improving reliability, user experience, and approval rates.

Education

Internet Systems <i>Federal Institute of Santa Catarina – Camboriú</i> Degree focused on web, mobile, and intranet systems development, covering software engineering, networking, and databases, enabling work across the full development cycle.	03/2020 – 12/2024 Balneário Camboriú, Brasil
Systems and Information Technologies Engineering <i>Universidade do Algarve</i>  Bachelor's degree focusing on information systems, software development, and intelligent technologies, covering mathematics, programming, AI, web, mobile, and networks.	09/2025 Faro, Portugal

Languages

English
Weekly classes, good comprehension, currently improving speaking skills.

Certifications

Java Developer  <i>DIO (Digital Innovation One)</i> Java training with emphasis on Object-Oriented Programming (OOP) and Spring Framework.	03/2025
React Native Developer  <i>DIO (Digital Innovation One)</i> Training in mobile app development with React Native, focusing on UI, APIs, and best practices.	11/2024
Docker Fundamentals  Docker training focusing on containers, CLI, custom images, and clusters.	09/2024
Formação .NET Developer  <i>Dio(Digital Innovation One)</i>	06/2024
React.js & Next.js <i>Udemy</i> ReactJS, NextJS, Styled-Components, testing with Jest, Storybook, Strapi, HTML, and CSS with TypeScript and JavaScript.	2023 – 2023

PHP Programming

2022 – 2022

Udemy

- Knowledge of PHP syntax, including creation of functions, classes, and objects in PHP.
- Integration of PHP with HTML, CSS, and JavaScript.
