Professional Summary

Full-stack developer with a strong emphasis on back-end development and proven experience in designing and implementing modern, scalable solutions. Holds a Bachelor's degree in Internet Systems from IFC and is currently pursuing a degree in Systems and Information Technologies Engineering in Portugal (Pause). Planning to undertake a postgraduate program in Cybersecurity, followed by a Master's degree in Software Engineering, with the objective of deepening expertise in secure, high-performance software systems. Proficient in Node.js, React.js, and Laravel, with solid experience in Meta API integrations, asynchronous messaging using Kafka, and multi-tenant architectures with OAuth2. Strongly committed to technical excellence, best practices, collaborative teamwork, and user-centered development. Certified in Docker, Azure AI, and React Native.

Professional Experience

Mid-Level Developer
Tallk.me

10/2024 – 07/2025
Home Office /Brasil

- Full-stack development of SaaS applications using Node.js and React.js.
- Integrated Meta APIs, asynchronous messaging with Kafka, and OAuth2 authentication.
- Built an AI-powered WebChat with Redis and PostgreSQL in a multi-tenant, scalable architecture.

Junior Developer
Tallk.me

04/2023 – 09/2024
Home Office /Brasil

- Developed web pages and interfaces in React.js for SaaS applications.
- Created chatbots integrated with the official WhatsApp API, implementing conditional logic and automated workflows.
- Refactored and maintained legacy systems using PHP, Laravel, and Node.js.
- Collaborated on full-stack projects and integrated relational databases.

IT Support Analyst
Tallk.me

09/2022 – 04/2023
Home Office / Brasil

- Provided advanced technical support with SSH access for server and service maintenance.
- Configured and optimized VOIP telephony systems (Asterisk) for clients.
- Proposed and implemented platform improvements in collaboration with the development team.
- Developed web pages and integration scripts using PHP, JavaScript, and React.js.

IT Support Intern
Tallk.me

04/2022 – 08/2022
Home Office /Brasil

- Assisted in troubleshooting technical issues with SSH access.
- Monitored logs, executed tests, and read backend source code.
- Participated in API integrations, code review, and PHP development for internal systems.
- Contributed to WordPress and PHP/JavaScript projects when not handling client support.

Mobile Developer (Freelancer)

03/2024 – 09/2024

- Developed Flutter/Dart apps for e-commerce and service platforms.
- Integrated card payment gateways (checkout, refunds, subscriptions, webhooks, 3-D Secure, tokenization) and built REST service layers.

- Implemented secure payment flows, improving reliability, user experience, and approval rates.

Education

Internet Systems · 03/2020 – 12/2024
Federal Institute of Santa Catarina – Camboriú · Balneário Camboriú, Brasil
Degree focused on web, mobile, and intranet systems development, covering software engineering, networking, and databases, enabling work across the full development cycle.

Systems and Information Technologies Engineering(Pause) · 09/2025
Universidade do Algarve ⬈ · Faro, Portugal
Bachelor's degree focusing on information systems, software development, and intelligent technologies, covering mathematics, programming, AI, web, mobile, and networks.

Skills

PHP	● ● ● ○ ○	PYTHON	● ○ ○ ○ ○
DOCKER	● ● ● ○ ○	C#/.NET	● ○ ○ ○ ○

REACT	● ● ● ● ○	JAVA	● ● ○ ○ ○

Languages

English
Weekly classes, good comprehension, currently improving speaking skills.

Certifications

Java Developer ⬈ · 03/2025
DIO (Digital Innovation One)
Java training with emphasis on Object-Oriented Programming (OOP) and Spring Framework.

React Native Developer ⬈ · 11/2024
DIO (Digital Innovation One)
Training in mobile app development with React Native, focusing on UI, APIs, and best practices.

Docker Fundamentals ⬈ · 09/2024
Docker training focusing on containers, CLI, custom images, and clusters.

Formação .NET Developer ⬈ · 06/2024
Dio(Digital Innovation One)

React.js & Next.js · 2023 – 2023
Udemy
ReactJS, NextJS, Styled-Components, testing with Jest, Storybook, Strapi, HTML, and CSS with TypeScript and JavaScript.

PHP Programming   2022 – 2022
Udemy
- Knowledge of PHP syntax, including creation of functions, classes, and objects in PHP.
- Integration of PHP with HTML, CSS, and JavaScript.
